

WINEMAKING PHILOSOPHY

The Pinot Noir and Chardonnay vineyards used to produce this sparkling wine are located in the Alta Langa at an altitude of between 500 and 600 metres above sea level. The sedimentary soils are of marine origin; calcareous with alternating layers of marl and sand.

Temperature-controlled fermentation takes place and the wine rests and clarifies (separately) on the lees until the following spring, when the Pinot Noir and Chardonnay are blended and the liqueur de tirage is added. After a minimum of 30 months' bottle ageing at a temperature of 15°C, the wine is riddled, then disgorged and dosed. After another few months spent ageing in the bottle, we have an elegant and harmonious Alta Langa Brut, the perfect aperitif.

TASTING NOTES

The 2022 Alta Langa Brut Cinquecento is spicy and dusty in character, blending dried flowers with ginger shavings and nuances of lemon sorbet. It floods the palate with a bead of fine bubbles and a hint of candied citrus, offsetting its tart orchard fruits. Minty herbal tones linger, accompanied by a subtle saline infusion, as the 2022 finishes long yet fresh. By Eric Guido.

Inviting aromas of Spanish broom, brioche and white stone fruit lead the way on the creamy 2021 Cinquecento from Vite Colte. Made with 80% Pinot Nero and 20% Chardonnay cultivated 500m above sea level, the elegant palate offers ripe yellow apple, peach, bread crust and lemon drop before closing on a honeyed nut note alongside a refined, persistent perlage. Bright acidity lifts the rich flavors
