

VITE COLTE®

CANTINE IN BAROLO

Tra Donne Sole

Piemonte DOC Sauvignon

WINEMAKING PHILOSOPHY

Low yields in the vineyard and the different consistency of the soils and microclimates allow us to obtain a complex and balanced wine.

The vineyards are located in two different areas, meaning that the grapes ripen at different times: one being slightly earlier, offering the acidity and wealth of aromas typical of Sauvignon, and the other slightly later, offering extractive wealth and aromas of tropical fruit.

After alcoholic fermentation, the wine rests and decants at a low temperature on lees for several months.

TASTING NOTES

Colour: straw yellow with gold hues

Bouquet: aromas that are remarkably intense and complex, enriched with notes of elderflower and tomato leaves.

Palate: complex and silky, with notes of vanilla and apple strudel, accompanied by hints of mint and liquorice.

STATISTICAL INFORMATION

Grape variety: Sauvignon

Alcohol: 14.0 % vol.

Appellation: Piemonte DOC Sauvignon

Aging: at least 3 months on lees in steel

CANTINE IN BAROLO

Tra Donne Sole 2023

Piemonte Sauvignon DOC

JAMESSUCKLING.COM

90 (30/01/2024)

Attractive aromas of quince and melon with hints of fine herbs and stone, followed through to a medium body with a fresh, mineral character to its ripe orchard fruit. Creamy finish.

91 (03/2024)

The savory Vite Colte 2023 Tra Donne Sole is a lovely white, offering varietal aromas of crushed tomato vine, elderflower, dried botanical herb and ripe stone fruit. It's full-bodied and while offering great flavor, it also shows elegant restraint, offering ripe white peach, juicy grapefruit and green melon before closing on a saline tang.

90 (07/2023)

Classic varietal aromas of crushed tomato vine, elderflower and grapefruit carry over to the full-bodied, tangy palate along with hints of gooseberry and tropical fruit. Bright acidity keeps it fresh while a hint of bitter almond signals the close.

Decanter

JAMES BUTTON

90 (08-2023)

Passion fruit, gooseberry and citrus aromas are followed in the mouth by super-fresh acidity and a good concentration of green and tropical fruits. Steely, zesty and vibrant, it's a delicious left-field alternative to the New Zealand crowd.
